

DRIVING DIRECTIONS

Country Club Villas
78-6920 Alii Drive
Kailua Kona, HI 96740

Turn right out of the airport and drive south on Queen Ka'ahumanu Highway for approximately 7 miles to Palani Road. At the Palani Road traffic signal there are two options:

Scenic route along the coast: Turn right onto Palani Road. After about half a mile, as you pass the Courtyard (Marriott) King Kamehameha Hotel, Palani Road turns into Alii Drive. Continue south on Alii Drive for about 6 miles until you arrive at a traffic light. Turn right at the light. Go through the next light and you'll find Country Club Villas is on the right. Use the second driveway where the sign is. If you pass the Kona Country Club you have gone too far.

Direct route: Continue through the traffic light at Palani Road and follow Queen Ka'ahumanu Highway approximately 7 miles to a traffic signal at Kamehameha III Road. Turn right and follow the road down the hill to the second traffic signal, which is Alii Drive. Turn left and then right into the second driveway which is the entrance to Country Club Villas.

We will be expecting you to arrive after 3 p.m. unless we have confirmed an earlier time in writing. We want to be sure that the condo is clean and ready for your arrival at that time. If you arrive earlier, it may not be ready. If you will be arriving after dark and let us know in advance we will try to leave the lights on for you.

Your unit is located down the steps just behind the manager's office, straight in front of the entrance to the parking lot near the fountain. Your parking space is marked with the unit number and is just to the right of the manager's office. You will find the key is in a lock box on the front door. The lock box code was provided in the welcome message you received about 2 weeks before arrival. First press down on the "Clear" button in the center. Then push each numbered button individually and firmly. Finally, push down on the small button above the number pad to open the lock box and retrieve your key. There is another identical key inside the unit on the kitchen counter for your use while at the condo. These keys also fit the pool and tennis gates.

The key goes in the hole just above the doorknob. Insert the key, turn it, and push on the door to open it. The handle does not turn. The key does not work in the deadbolt. The deadbolt can only be opened from inside for your security. In an emergency the manager has keys to all the locks.

There are additional hints and instructions displayed in the condo for using the appliances, gas grill, telephone, TV, and wifi internet connection and some suggestions for making your stay in our tropical climate more pleasant. The house rules for the complex are also posted. Please respect them. The phone number for the condo is (808) 324-7080.

The switch for the disposal is under the upper cabinet above the coffee machine. The switch for the fan in the second bedroom is on the wall near the bookcase.
